InterQual Criteria. InterQual Criteria are objective and specific to better help ensure the most appropriate care and more consistent, defensible decision-making. Our four criteria suites provide comprehensive coverage for medical and behavioral health across all levels of care as well as ambulatory care planning.

InterQual® - changehealthcare.com

For four decades, the InterQual team has upheld the singular vision of improving patient outcomes by advocating and supporting evidence-based care. Our innovative clinical content, technologies, solutions, and services have helped reduce the administrative burden, enhance payer-provider relations, and improve quality care.

Clinical Decision Support (InterQual) Solutions

InterQual® Level of Care Criteria help healthcare organizations assess the safest and most clinically appropriate care level for more than 95% of reasons for admission. The condition-specific format presents evidence-based interventions that are specific to the condition and help to cost-effectively improve outcomes.

May 31, 2013 McKesson Health Solutions, an independent company, has made significant changes to the InterQual Level of Care Criteria for 2013. On July 22, 2013, the Care Management and Coordination department at IBC will begin using the 2013 InterQual Level of Care criteria for review of acute inpatient, acute rehabilitation, skilled nursing facility, and long-term acute care admissions.

Updated InterQual® guidelines for 2013

We are considering modeling our InterQual annual release schedule after the ICD-9 release process, in which the ICD-9 updates come out in October but are not effective until January. For example, if our InterQual release date is March 31, the effective date could be June 30 – a period of 90 days in between.
